ANNUAL CONFERENCE 2009

Glyndwr University
Wrexham
Wednesday, 21 October 2009

'Recession, Resilience and Resourcefulness: Threats and Opportunities for Mental Wellbeing'

The All Wales Mental Health Promotion Network is delighted to announce its third annual conference. This conference will examine the impact that the recession may have on mental health and the opportunity for promoting mental wellbeing and promoting individual and community resilience.

The conference is appropriate for existing members of the Network and anyone responsible for, or interested in, promoting public mental health.

The aim of the conference is to provide access to evidence around the theme and to promote good practice. The event will include a range of presentations followed by workshops across the areas of: parenting and early years; children and young people, communities, employment, older people and financial inclusion and capability.

Network events aim to:

- Provide a forum for learning
- Provide an opportunity for network members to share ideas
- Provide a forum for network members to establish links and partnerships with others from different organisations and sectors
- Establish links between evidence and practice
- Encourage practitioners who are not yet members to join the network
- To use the collective experience and knowledge of network members and others to help inform future policy and practice

To register please complete the registration form and return it along with a cheque for £30 made payable to the Wales Centre for Health to mentalhealth@wch.wales.nhs.uk by 25 September 2009. The cheque will be returned to delegates on attendance at the event.

‘Recession, Resilience and Resourcefulness: Threats and Opportunities for Mental Wellbeing’

**Glyndwr University, Wrexham
Wednesday, 21 October 2009**

Your Details		Registration Form	
Title
